Maybe even better than free.

No account or credit card is required to get started. Our service is completely free for everyone. filehosting provides an easy possibility for you to send large files to your friends. Just upload the file you want to share with your friends and we send you a download link to your file. You decide who you want to share your files with. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file, data is being transferred between your computer or phone and our servers, then from our servers to your friends device. Alternatively you can choose to share your download links on blogs, forums and social networking sites. If only we could, we surely would! On the other hand, using file can actually save you money. When you use file, you avoid storing the file you're sending in your cloud storage or mail server. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing youmoney in data storage fees. Unfortunately, we can't make that part free. So try our free and simple filehosting service now. Any file in any format can beuploaded and downloaded for free. Using file, you can circumvent those limits without paying to upgrade your team chat service. Keep your files private, orsend your download links only to friends or family. File is free to use with no gotchas and no hidden fees. You can upload any type of file (movies, music,documents, images, zip files and more). You don't need any special software installed to be able to download your files. Files can be downloaded from anycomputer from our high speed servers. There are no restrictions on the number of times a file can be downloaded. This is easy, fast and reliable filehosting! Youdon't need any kind of premium-accounts. Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also, many team chat apps havelimits to the size of files that can be transferred within their apps. We have no file size limit. The cost of that data transfer is covered by your internet service orthe data plan on your phone. Simply upload your file and share the link. You can give this download link to your friends by mail or instant messenger. It is alsoallowed to link to the download page from websites and communities.
